Miss New Brockton, Ginger Rogers, (center) is all smiles after the pageant. Also pictured are (L-R): 1st runner -up Donna Carroll and 2nd runner-up Lisa Harrison.

Ginger Rogers Is Crowned Miss New Brockton

The Junior Class of New Brockton High School sponsored the annual Miss New Brockton pageant on Thursday night, April 27, and lovely Ginger Rogers was crowned Miss New Brockton - 78.

MAY

Miss Rogers, the daughter of Mr. and Mrs. Vinson Rogers, was selected from a field of nine lovely girls. The first runner-up was Miss Donna Carroll, daughter of Mr. and Mrs. Harold Carroll, while the second runner-up was Miss Lisa Harrison, daughter of Mr. and Mrs. James J.

Miss Deronda Smith, the daughter of Mr. and Mrs. Travis Smith, was named "Miss Congeniality" by her fellow con-

Miss Rogers will represent New Brockton at the annual Peanut Festival, held in Dothan each fall. Other contestants in the pageant were Kim Anderson, Donna Brantley, Vicky Miles, Glenda Davis and Sandara Wilkinson.

Junior Class President James Foster presents Loving Cup to Miss Congeniality Deronda Smith.

supernumerary District Attorney of the State of Alabama on Monday of this week. He was immediately replaced as DA for the twelfth Judicial Circuit by Representative Joel Folmar of Troy. Governor George Wallace made the appointment of Folmar.

Lewey Stephens Announces Resignation As D.A.

Lewey Stephens became a

Stephens had been planning this riove for some months, but had been asked by Wallace to complete several pending cases prior to the resignation, and Stephens complied. Now, however, Stephens is available for assignment to any circuit case in Alabama by the governor, the Chief Justice of the Alabama Supreme Court or by the Attorney General. "I will just be working for about Lewey Stephens \$12,000 a year less,"

He was called to active In October, 1964, he was duty during the Korean War appointed by Governor Wallace First Federal Savings and Loan of Enterprise

service. He remembers being assigned to Covington County for 18 months when a District of the revenue received by the service to the new police uniforms was approved unanimously. The word around the Revenue Department in Montgomery is that the price of car tags is going to jump this year due to figuring the tax by actual market value and on an updated scale. Much to the relief of all elected officials running for office again in September, we won't know much about this jump in cost until after the Democratic primary. The reason for putting off a gradual raise until "Wham!" - is probably political all the way.

I was, and still am, surprised to hear that Melba Till Allen is actually running for governor. She said several weeks ago that if "they" didn't leave her alone, she would run, but I just laughed at that. From all I can read, that lady had better concentrate her efforts on staying out of jail. Politics is a funny thing, and always unpredictable, but maybe if she were to be cleared of all the misuse of money charges before the election, Mrs. Allen could be the knight in shining armor, riding the great white horse.

Saturday afternoon we took our twoyear-old fishing for about an hour. This is a treat I can't wish off on anyone. You can imagine how he fished. However, with Daddy's help, he caught a two-finger bream. The "Wheee!" I expressed as "we" pulled in his fish was copied many times in the next hour, mixed with splashing the water with his pole. It didn't take him long to start suggesting we quit fishing and go ride granddaddy's tractor; but in time we will educate him.

Lewey Stephens has stepped down from the office of District Attorney. He has been in and out or around the courthouse for a long time. This got me to thinking: In spite of the attitude that Elba never changes, only a couple of people are still active at the courthouse that were there when we moved to Elba. The changes have been gradual and hardly noticed, but just think about this and other things around the community -- it is changing with the

Ye ole editor went to the membership

er's seat with the education budget and lid bill. One or more special sessions is necessary, but Wallace says he will

PAGE 2 not call one until the legislators "get right" or together. This we agree with 100%, but Wallace must remember that there must be some give and take on his part also.

The problem of working on private property with city equipment continues to haunt local officials. Tuesday night Folsom presented a problem of some trash needing covering on property owned by Clayton Hickman, and he wanted the council's approval to do this work if Hickman approved. The opinion of the council seemed to be that it was a good idea except it was on private property, and where do you stop? Given enough time, most people can come up with excuses, and call them reasons for doing such work, but none of this makes it legal in the eyes of Alabama law. We hope Mr. Hickman will have the foresight to say no if any public official offers to remove the eyesore without more legal authority than was expressed at the council meeting Tuesday night.

meeting at the country club Monday night with the idea of voting against even a 10c increase in dues until I got something besides promises about improvements. Well, in the end, Paul Morrow had made such an excellent plea for relief that I would have even made the motion for a dues increase myself! I couldn't find much to cut from the expenses without shutting down the entire operation, and that would accomplish nothing. Also I got to thinking about how everything else I touch costs more, and I was sold on the idea even though I don't have the extra ten dollars.

SPORTS

Views From

Pressbox By, Ricky Mularz, Sports Editor

The South Alabama Motor Speedway in Kinston has recently been sanctioned by NASCAR, and that means bigger and better races for local stock car fans! The track now races on Sunday afternoons, which allows such drivers as Donnie Allison, Dave Mader III and Red Farmer a chance

CLIPPER racing reporter Greg Brunson is again covering the races and he will keep you informed of what's happening at SAMS!

A new powerhouse on the local softball scene is Hudson Industries of Brundidge. Hudson won five straight games recently to win the Clayton Softball Tournament, and in those five games slugged a total of 86 home runs. The Brundidge team won the games by scores of 31-18, 21-2, 51-12, 35-20 and 35-13. Hudson has reportedly strengthened their team since the Clayton tourney, so, local teams

Coach Ed Comer, former football coach at Eufaula and New Brockton, has been named the new head coach at Robertsdale High School. Coach Comer did a fine job at Eufaula, and I'm sure he'll do an equally good job at Robertsdale. Good luck, Ed!

The trophy arrived for the upcoming Elba Softball Classic, and even though it's a couple of inches under 6 feet, it still looks mighty good. The tourney will take place on July 28 and 29, and a strong field is expected.

There is quite a softball tournament going on at Lagoon Park in Montgomery this weekend. The field includes "national champion" Nelson Paints from Oklahoma, Ken Sanders Ford from Phenix City (2nd in nation in '77), Howard and Carroll from Sherills Ford, North Carolina, Port City from Texas, York Barbells from Pennsylvania and the Candymen Bombers from North Carolina. It should be some kind of tournament!

I've been told a fence will be put up at the park in Mulberry Heights in the next couple of days. All obstacles have now been cleared, and I'm told the only thing holding it up

The Dixie Youth and Babe Ruth baseball suits have now been passed out and I've heard that everything is going smoothly. A couple of high school boys are umpiring the games and are doing a good job. If anyone will volunteer to umpire a game, just come out to the park and let 'em know!

went fishing Saturday and didn't catch a thing! I'm not the best (or the worst) fisherman in the world, but I thought I could at least catch one measly fish. Oh, well, maybe next

THURSDAY, MAY 11, 1978

Elba Utility Board Approves Water Extension Project

The Elba Water and Electric Board has approved preliminary plans for extensions of their existing water distribution system to serve the following areas: U.S. 84 east to the New Brockton police jurisdiction, Al.87 approximately 2 miles souch of U.S. 84, the old Samson Road area, Mt. Pleasant Church Rd. approximately 1 mile south of old Samson Rd. area, the Brundidge Hwy. area to Wise Mill Church, and the Troy Hwy area to

The proposed Elba water extensions would serve approximately 235 potential customers or approximately 823 persons in the rural areas surrounding Elba with an estimated project cost of \$467,000. Water would be supplied by Elba's existing water system Storage would be a 75,000 gallon elevated storage tank located on U.S. 84 east of Al. 87. The water system will be constructed using financial assistance from the Farmers Home Administration in the form of a loan and grant, and would also need the approval of the Alabama Development Office and the Alabama Health Department.

A preliminary membership canvas in the proposed areas has been made and approximately 212 potential customers have expressed their desire for the proposed water

The reality of the proposed system is only possible if 90% of the residents residing in these areas sign up to be connected to this water system. It is anticipated that deposits of \$20 should be made on or before July 1, Upon completion of the project there would be a minimum water bill of \$7.50 per month. For those customers having greater water demands the fees would range upward according to the water consumption

Plans are to apply for a Farmers Home Administration grant of \$187,900 and a low interest loan of \$275,700 to complete this ojected \$467,900 project The system is designed to furnish household water to the residents of the area; how-

Faulk, left, with chairman Charles Hayes

ever, fire hydrants will be placed in strategic locations to offer fire protection and assist in occasionally flushing the water

Mr. Lamar Faulk, of the engineering firm working on the project, has estimated that funding for the project will be approved in October of this year, bids will be let in January or February, and some of the system should be in use by the summer of 1979. As indicated on the accompanying map

the water lines will extend out the Troy Highway to Pea Creek. Present plans are to join at this point with the newly formed Stinson Water Works and sell water to this system. This system plans to serve the Stinson Community (Bowers Store) and Lee Community. A water storage tank will be installed in the Lee Community and water pumped from Elba. This will eliminate the drilling and maintenance of a water well in the community

The Elba Water and Electric Board has given initial approval to both extending the Elba water system and to selling water to the area north of Elba.

Plans presented by the engineers show that the extensions will be self-supporting
